

Who We Are

Columbia Legal Services is a legal advocacy organization that advances social, economic, and racial equity for people living in poverty. We hold government agencies, institutions, and other actors accountable to address the root causes of racism and their manifestation in unfair treatment and inequitable access to resources, power, and opportunities based on race. We focus on dismantling unfair systems of mass incarceration and immigration. We believe that communities should have a voice in the creation and implementation of the policies, laws, and legal systems that impact them.

We are committed to an environment of mutual respect, collaboration, and equal opportunity for all employees, and strongly encourage applications from people of color, immigrants, people who have been affected by mass incarceration, and other underrepresented and historically marginalized groups. We believe in building and sustaining an organization that is reflective of the communities we serve, and is diverse in work background, experience, education, race, color, national origin, sex, age, religion, marital status, veteran status, sexual orientation, gender identity, ancestry, national origin, or sensory, mental and physical abilities. We believe that the resulting diversity is both a source of program strength and a matter of fundamental human fairness.
